OUReports Landing Page

Overview

The landing page can be reached at OUReports.com.

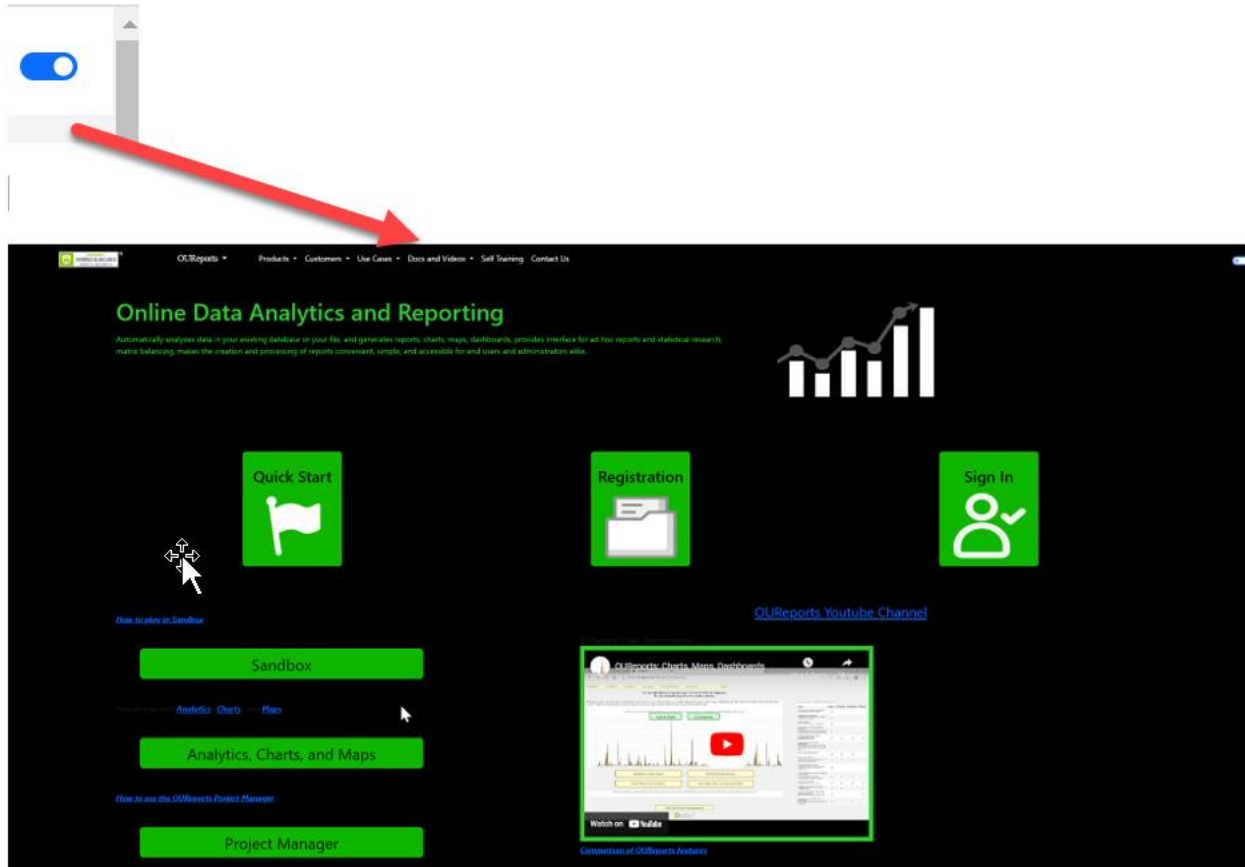

The screenshot shows the OUReports landing page. At the top is a navigation menu with links for 'OUReports', 'Products', 'Customers', 'Use Cases', 'Docs and Videos', 'Self Training', and 'Contact Us'. The main heading is 'Online Data Analytics and Reporting', followed by a sub-heading: 'Automatically analyzes data in your existing database or your file, and generates reports, charts, maps, dashboards, provides interface for ad hoc reports and statistical research, matrix balancing, makes the creation and processing of reports convenient, simple, and accessible for end users and administrators alike.' To the right is a bar chart with an upward-trending line graph. Below this are three green buttons: 'Quick Start' (with a flag icon), 'Registration' (with a folder icon), and 'Sign In' (with a person icon). Further down, there are three more green buttons: 'Sandbox' (with a link 'How to play in Sandbox'), 'Analytics, Charts, and Maps' (with a link 'How to play with Analytics, Charts, and Maps'), and 'Project Manager' (with a link 'How to use the OUReports Project Manager'). On the right side, there is a 'OUReports Youtube Channel' link and a video player titled 'OUReports Video Demonstration' showing a dashboard interface. Below the video player is a link 'Comparison of OUReports features'.

OUReports Landing Page

Toggle Button

The toggle button at the far upper right of the page toggles the landing page to either light or dark.

Page Options

Quick Start

The Quick Start option offers a quick way for a user to register to our database. All that is required is an email address. The user can then use their individual data files (csv, xml, etc. as shown in the image below) for analytics and reports.

A demonstration video is available by clicking the [Quick Start Video](#) button.

The screenshot shows a green button labeled "Quick Start" with a white flag icon. A red arrow points from this button to the registration form below. The form is titled "Quick User Registration" and includes a "Quick Start Video" button, an email input field, and a "Start" button. A disclaimer at the bottom states: "Your data (CSV, XML, JSON, XLS, XLSX, Access table) can be uploaded into our database. Reports and analytics will be available only to you and to users you share them with."

Sandbox

This option takes the user to a report list derived from Cinema data in our demo database. The user is free to play in this sandbox by editing, copying, deleting existing reports, or by defining a new report and exploring any other features available for reporting. There is also a link above the option button that shows the user what can be done in the sandbox.

Analytics, Charts, and Maps

This option takes the user to a report list derived from tables created by importing data files into the demo database. The user is free to edit, copy, and delete existing reports. The reports listed here give excellent examples of Analytics, Charts, and Maps. In addition, a new report can be defined using tables that have already been created or a table created by the user importing a new data file. There are also links above the option button that give the user an overview and examples of Analytics, Charts, or Maps.
